

28 December 1981

OFFICE OF PERSONNEL CHECKLISTHEALTH INSURANCE

At this late date, Federal employees still do not know what coverage will be provided them by their health insurance in 1982 nor do they know how much it will cost. The latest information from the Office of Personnel Management (OPM) concerning the Federal Employees Health Benefits Program for 1982 is that they expect to issue a press release in a few days explaining the benefits and rates that will prevail. Still at issue are the amount of the government contribution and final benefit changes of some plans. As soon as we are notified by OPM of the 1982 benefits and rates of all participating health insurance plans we will issue an employee notice and work with the Office of Finance regarding the new payroll deductions that become effective 10 January 1982. ☐
